

Open Road Project

0141 552 4789 or 07767 008 294

The Open Road Project works with males who engage in sexual activity in exchange for some form of payment such as money, drinks, drugs, consumer goods or a bed or roof over their head for a night.

Sometimes this activity might take place in private accommodation, on the street or in a brothel.

You can contact us if you want to discuss any aspect of your involvement in sexual activity for this purpose. Perhaps you want to perform your current practices in greater safety and are looking for advice, or perhaps you'd like to access some emotional support. Maybe you're thinking of making a break and trying something different but don't know where to start?

We have no age limits on the service we provide.

We can provide:

Emotional support & advice

Access to a wider range of agencies

Fast-track into sexual health services for STI testing

Contacting us:

You can contact us by calling 0141 552 4789 or 07767 008 294 or emailing philip.forbes@nhs.net or julian.heng@nhs.net

Finding us:

We are based in the Glasgow LGBT Centre at:

84 Bell Street
Glasgow
G1 1LQ

You don't have to come into our office to access our services. If you'd like to meet with us you can do so in a venue of your choosing.
