Sandyford offers a wide range of reproductive, emotional and sexual health services. Examples of these services are:

- Designated clinic times for men, young people and women.
- Care and support for all sexually transmitted infections, free condoms and lubricant.
- Contraception and emergency contraception.
- Pregnancy testing.
- Well woman screening, specialist clinics like menopause.
- Library and Information service where we provide books, leaflets on all aspects of health. Free internet access is also provided.
- These services are provided in a relaxed and sensitive way and your information is confidential.
